All Diamond PLUS models come standard delivered with a Swipe control and even offer the possibility to operate your fireplace from your own smartphone or tablet.

TOUCH SWIPE ENJOY

The M-Design swipe control is a revolutionary technological breakthrough within the sector of fireplaces. Simple , practical swipe-functions , allow you to open and close the window and spark screen automatically. A simple Swipe module enables full control of the multiple step motor as well as the intelligent box. Furthermore it consists of several processors that automatically control the valves to create an optimal combustion independent from the chimney draft and wood type. With the Swipe control you can adapt the RGB LED lights and brightness according to your personal preferences. A 5-meter LED-strip is included in the price. Moreover, our wood fireplaces also can be controlled with a smartphone and/or tablet.

"To define is to limit"

Oscar Wilde

Reeds een aantal jaar vertrouw ik op de gas- en houthaarden van M-design. Dit door hun strak design en hun innoverend karakter. De haarden schikken zich voor alle interieurs. Ze zijn zowel integreerbaar in klassieke als in moderne interieurs. Daarnaast streven zij naar een correcte prijs-kwaliteitsverhouding.

"De samenwerking tussen M-Design en Verfaillie Interieur verloopt uiterst vlot. M-Design vormt een vaste waarde binnen het concept Verfaillie Interieur met als zaakvoerder en interieurarchitect Brecht Verfaillie. Oog voor detail, concept, kwaliteit en waardevolle materialen staan voorop.

Hier raken onze gemeenschappelijke doelen elkaar, waardoor Verfaillie Interieur te Roeselare zichzelf zeker kan terugvinden in de meerwaarde van het bedrijf M-Design en zijn mooie producten in zijn geheel. Niet alleen de hoogstaande haarden, zowel gas als hout gevoed, evenwel de aangename en correcte samenwerking met de commercieel afgevaardigden doen ons plezier. Samen gaan we voor exclusieve projecten met een sterke uitstraling en karakter"

"Een haard wordt door ons aanziens als de start van waaruit een interieur ontstaat. Stijlvolle, warme materialen gecombineerd met duidelijke zichtlijnen zijn ons streefdoel.

Net deze kernwoorden zorgen ervoor dat een M-design haard steeds perfect kan geïntegreerd worden in elk ontwerp. Het uitgebreide gamma zorgt voor een haardkeuze dewelke aansluit op de behoeftes van de bouwheer, zonder het gebruiksgemak uit het oog te verliezen..."
